WORK EXPERIENCE

React js Developer
CLARITRICS INDIA PRIVATE LIMITED

01/2024 - Present   *Chennai*

Achievements - Time Saved, Debugging, Suggested New Requirements

- Instituted Git branching strategies for version control, enabling parallel development streams, boosting team velocity by 30%, and reducing integration errors by 15% across projects.
- Enhanced feature-rich web applications using ReactJS and modern JavaScript frameworks.
- Worked with cross-functional teams to deliver new features, reducing development turnaround time by 20% and improving deployment efficiency.

Intern – Web Development
Netlink Digital Solutions

11/2021 - 01/2022   *Chennai*

Achievements- Time Saved, Debugging

- Gained practical experience in HTML, CSS, and JavaScript through hands-on web development projects.
- Worked collaboratively with team members using Git for version control and code management during development tasks.

Web Application Developer
Netlink Digital Solutions

02/2022 - 05/2023   *Chennai*

Achievements/Tasks

- Advanced from trainee to UI Developer role, acquiring practical experience in building responsive and mobile-first web interfaces.
- Developed secure and high-performance banking web applications, achieving 100% compliance with regulatory standards and reducing response time by 25%.
- Created interactive web interfaces using ReactJS and JavaScript libraries, increasing user engagement and form submission accuracy by 30%.

EDUCATION

Bachelor of Engineering
Sri Eshwar College of Engineering

08/2018 - 05/2022

Courses

- Web Technologies
- Object-Oriented Programming
- Data Structures and Algorithm
- Software Engineering
- Database Management Systems

SKILLS

React JS   Redux Saga   HTML   CSS   JavaScript   Bootstrap   Java   Spring Boot   Node JS   Express JS   SQL   Git   Redux

PROJECTS

Ahli Bank Oman | Associated with Netlink
(05/2022 - 01/2023)

- Built responsive and accessible user interfaces from scratch, improving page load performance and mobile usability by 30%.
- Refactored legacy codebase to production standards, reducing technical debt and improving maintainability by 40%.

Practice AI | Associated with Claritrics
(01/2024 - Present)

- Led UI redesign efforts for the Complyindia Portal, improving usability and modernizing components to elevate user engagement.
- Integrated REST APIs with ReactJS to deliver real-time data, reducing interface latency by 20% and enhancing data accuracy.
- Contributed closely with backend teams to define and consume APIs for various frontend modules.

Dictate AI | Associated with Claritrics
(11/2024 - Present)

- Designed and scaled modules for patient and insurance data, increasing data handling efficiency by 30%.
- Improved page responsiveness and data entry efficiency by 25%.
- Implemented secure API communication using token-based authentication and best practices for data privacy and protection.
- Managed 10+ REST APIs for authentication, data visualization, and content delivery, increasing system integration reliability by 40%.
