SUMMARY

Full Stack Developer with 4+ years of experience building scalable web applications using React.js, Java, and Spring Boot, primarily within the BFSI (Banking, Financial Services & Insurance) domain. Skilled across the full SDLC — from requirement analysis and development to testing and production support — with hands-on experience in RESTful API design, microservices architecture, and Agile delivery.

PROFESSIONAL EXPERIENCE

Senior Software Engineer 07/2025 – Present
HCLTech

- Delivered full stack features using ExtJS and **Java Spring Boot**, Executed around **20 CRQ** deployments across BAR and the wider **IOWEB** platform (23 **applications**) with no critical production incidents.
- Resolved backend and data issues promptly using **Oracle PL/SQL**.
- Demonstrated proficiency in **React** and **Spring Boot**, becoming the first engineer to introduce these frameworks into a legacy ExtJS/Java stack.
- Recruited and built a dedicated team as **Lead**, taking **ownership of technical decisions** for BAR.
- Collaborated directly with **Denmark-based stakeholders**, gathering requirements and aligning delivery priorities across **BAR** and **IOWEB**.

Software Engineer 01/2024 – 07/2025
Claritrics India Private limited

- Developed enterprise applications with ReactJS, integrating REST APIs for real-time data and functionality, resulting in a **20% reduction** in interface latency.
- Resolved issues promptly and improved system performance by building **4 microservices** through analytical skills and hands-on backend solutions.
- Demonstrated proficiency in Java **Spring Boot** for backend development, building **~40 RESTful APIs**, and streamlining enterprise application workflows.

Web Application Developer 11/2021 – 05/2023
Xebia (formerly Netlink Digital Solutions)

- Started as an intern , converted to full-time UI Developer upon graduation.
- Advanced from trainee to **UI Developer**, gaining hands-on experience building responsive, **mobile-first web interfaces** for **banking clients**.

SKILLS

Language Java, JavaScript (ES6+), HTML5, CSS3, SQL (PL/SQL)	Backend & APIs RESTful API Design, Microservices Architecture
Frameworks & Libraries React.js, Spring Boot, ExtJS	Database Oracle (PL/SQL, stored procedures, data integrity)
Tools & Practices • Git, CRQ/Change Management, Production Deployment, Agile/Scrum	Domain BFSI (Banking, Financial Services & Insurance)

EDUCATION

B.E. in Computer Science & Engineering 08/2018 – 05/2022
Sri Eshwar College of Engineering
CGPA: 8.3/10
